

Cable Seal Boot

A Cost Effective Way to Stabilize Cable

Version April 2014

Uraseal Cable Seal Boots are used by cabinet manufacturers to stabilize cable in enclosures. The unique tapered ends allow it to be used on virtually any size cable. They provide a precise fit to compensate for cable variations. Each tapered "step" is marked with the cable diameter for that step.

- **Exclusive Tapered Design**
- **ROHS Compliant**
- **Economical**
- **Easy to install**
