Certificate No. C2018-01847

Uraseal's electronic potting and encapsulating kits are especially designed for communications, electronic and fiber optic assembly kits. *Not UL Approved*

- **Fast Gel Time**
- **Deep Curing**
- **Low Viscosity for Easy Flow and Quick Penetration**
- **Eliminates Mix Ratio Errors**

Quick Penetration

Uraseal's EP Series kits exhibit low viscosity for easy flow and quick penetration of irregular shapes and deep potting applications.

Assembly Line Friendly

The EP Series exhibits fast gel time making them ideal for assembly line applications.

Economical

These single-use kits eliminate mix ratio errors and minimize waste.

Easy to Use

The kits come complete with tube of encapsulant, cap with dispensing tip and disposable gloves.
